

MUMME TOOLS

Made Tough Since 1936

NORMALISED BALL PEIN HAMMERS

FEATURES

- Useful for engineers and used in metal work for striking punches and chisels
- Also used for riveting work with hammer ball end
- Normalised hammer head features a softer face (below 20HRC) that will mushroom - ideal for applications where the risk of chipping needs to be minimised
- Unique reinforced, ribbed design, shock absorbing fibreglass handle
- Includes tether hole for working at heights
